

Instruction Manual

WiFi Smart Plug

English

Description

This smart wall Plug is compatible with Tuya Smart platform, functional with easy access to your house WiFi network for wireless control with no hub required. ZIG Mesh is performing well as the communication relay for other WiFi devices. Besides, it is designed with electric monitor for monitoring your house appliances power usage to protect your house from excessive power consumption, truly saving energy and reducing energy loss in a much more smarter way.

Safety Information

Risk of Electric Shock: Electricity can cause personal injury and property damage if handled improperly. If you are not sure about any part of these instructions, please seek professional assistance from a qualified electrician.

Recycling Information

All products marked with the symbol for separate collection of waste electrical and electronic equipment (WEEE Directive 2012/19 / EU) must be disposed of separately from unsorted municipal waste. To protect your health and the environment, this equipment must be disposed of at designated collection points for electrical and electronic equipment designated by the government or local authorities.

Correct disposal and recycling will help prevent potential negative consequences for the environment and human health. To find out where these collection points are and how they work, contact the installer or your local authority.
